"The Coin Machines Merry-Go-Round"

By Bill Gersh

LOOKING AHEAD INTO 1946

Probably the most fascinating characteristic of this industry is the fact that it continually looks ahead.

What happened yesterday may be a subject for reminiscing. But, what all want to know in this industry is, "What about tomorrow?"

Perhaps here is the answer to why this business has grown greater each year. Perhaps, too, this is why this industry will continue to expand.

As many have come to realize, this industry isn't as yet out of its swaddling clothes. It is still an infant, tho a rather experienced one, and a much plagued one, from the standpoint of taxation and general legalities.

This is only due to the fact that this business is so completely misunderstood. The men who comprise this industry never do seem to find the necessary time to erase this misunderstanding.

The war has helped this industry. It has placed coin operated equipment of every kind all over the world. It has installed automatic equipment from in the Pacific Islands to far up in the bleak Arctic. It has brought a new conception of what a coin operated machine can mean to many thousands of peoples everywhere in this world.

By spreading the gospel of the coin machine, the armed services have tremendously advanced the day of recognition for this industry. That day can be brought even nearer by those in this trade who will work hard for it. Which means only working harder for themselves.

It is up to this industry's leaders to preach a new kind of inspiring gospel to help this industry spread its wings over an ever wider area of this globe. And, by so doing, gain great and lasting recognition.

At this very moment the men of this trade are enjoying the thrill of looking ahead into the future of this business. They foresee equipment of which they never before dreamed. And such dreams have stimulated the inventors and designers in this industry to such a point that there is now a certainty that many of these dreams will come true.

With the entrance of such equipment there should also arise a new type of coin machine man. The type of business man who will be proud of this industry and who will so much value his own name, as well as his profession, that he will work hard to bring about a better understanding of his business. This is what is sorely needed as 1946 comes into being.

There are some who believe that such statements are idealistic. They are not. They are only the essence of what has already been accomplished by many other industries in this nation.

It must be remembered that for years the moving picture industry was looked upon as anything but a great business. In fact, for many, many years, certain states continued to ban the showing of a great many pictures—and many still do.

It is also only in the past few years that the smudge of notoriety has been somewhat removed from the film colony. And even to this day there lingers many a vicious whisper about the people who make pictures.

Therefore, the men in this business, basing themselves on what the moving pictures have gone thru and have been able to accomplish, can certainly foresee a great many advantages accruing to themselves if they will continue to fight for greater recognition thru a better understanding of this industry.

Certainly, all will admit that the equipment of this trade has helped, to a great extent, to revolutionize a great part of American industry. This field has a deep and tenuous hold on the imagination of the public. This can be many times enhanced by good public relations effort beginning this year of 1946.

As long as this trade will continue to look ahead, it has before it greater possibilities than any other industry in this nation. It will, eventually, whether the men in this industry at present believe so or not, reach a point where it will be recognized and accepted wholeheartedly by all American business.

This is the big job for 1946—a "Public Relations Bureau"—for the coin operated machines industry, for which *The Cash Box* has been pleading for more than three years.

Already the CMI has made, and is continuing to make an effort to arrange for a "Public Relations Bureau". This effort has been highly applauded by this publication and widely acclaimed by all the industry.

Men from every division of this business are today of the belief that the greatest necessity facing this industry for 1946 is the creation of a "Public Relations Bureau". Only such a bureau can help this industry to gain the recognition it so rightfully deserves.

There are many more needs of this trade. There is today a tremendously urgent necessity for the instant creation of a "National Tax Council".

All will agree that there is also a great need for a "School for Coin Machine Mechanics".

There is also a pressing demand for a "National Credit Bureau".

Superseding all these, is the general belief that there should come into existence in 1946 a "National Coin Machines Board of Trade". Such an organization would crystallize all these urgent needs into one strong force. It would give this industry a common meeting ground (non-political and non-profit) for all of its divisions, all of its associations, all its rugged individualists who do not believe in associations and the members of all those industries who are allied to it.

With such a "Board of Trade" this industry can face the great, booming future of America tomorrow with complete confidence and know that there is at work for it those forces that can make it most outstanding.

LUMBER SUPPLIES EXPECTED TO RISE

Forest Products Assn. Makes Encouraging Report. Announcec New Wood Products

NEW YORK — As is well known thruout the coin machine industry production of most machines have been delayed due to lack of cabinets. Therefore, the report of the American Forest Products Industries, this past week, that many new wood products and derivatives would become available in 1946 is extremely encouraging to this trade.

The Forest Products Assn. reported that the lumber industry faces its biggest job in 1946. Altho lumber yard stocks are now at an all time low, leaders in the lumber field are confident that 1946 will see a substantial improvement. While the main interest is for raw lumber because of the housing shortage, considerable consideration is being given to the use of new wood products.

Actually, this organization declared, tho the lumber situation was in very bad state by mid-summer of '45, it improved considerably toward the close of the year, with the result that production had stepped up to 27,000,000 board feet. Soft-wood plywood production, most of which is on the West Coast, amounted to about 1,300,000,000 square feet.

Among the new products which the organization announced are: "Compreg", described as a hard, tough product, formed by impregnating layers of wood with synthetic resin and then compressing them into a solid under great heats and pressures.

"Staypak", is a product resulting from the subjection of raw wood to heat and pressure, giving it certain qualities of dimensional stability.

Also so-called "Sandwich Boards" built thru a combination of wood or plywood with metals, papers and other materials in sandwich fashion.

Also available in '46 will be "Papreg", used extensively in the aircraft industry during the war, which is formed of paper sheets impregnated with resin and can be moulded into intricate shapes and has high strength qualities.

The fact that there has been a lack of lumber in local yards, according to the association, does not mean a lack of wood or a dwindling forest resource. The principles of scientific management of forest areas continued to be practised, despite reduced manpower and failing equipment.

Bill Brase Becomes Aireon Service Mgr.

KANSAS CITY, KANS. — R. R. (Rudy) Greenbaum, Vice-President and Commercial Sales Manager of Aireon, announced that the latest addition to the Aireon group is William F. (Bill) Brasé. Bill has just been named chief of field service engineering for the music division and brings with him fifteen years of experience in the music biz.

For over five years Bill Brasé was director of purchasing for the Packard Manufacturing Corp., at Indianapolis. Before that, he was field service engineer over a large territory for the Rudolph Wurlitzer Co., at North Tonawanda, N. Y. Previous to that, he was connected with the Capehart Corp., at Ft. Wayne, Ind. Incidentally, Ft. Wayne is Bill's birthplace.

As the above would indicate, Aireon's new Chief of Field Service Engineering has worked in all phases of the automatic music business, including mechanical inspection, electrical test, electrical engineering, field service and purchase.

Bill is moving his wife and seven-year-old son, Ranny, to Kansas City, where he is already installed in his offices in the display rooms of Aireon. He has been holding a series of meetings with his regional field service men, instructing them in the type servicing on the books for Aireon music users.

"It is with great pride and pleasure that I accept the appointment of chief of field service engineering for the Aireon Manufacturing Corporation, Radio and Phonograph Division," Bill said.

"My many years of experience in this business have trained me to look for the problems of the operator, and I can truthfully say that never in my experience have I seen such an outstanding revolutionary piece of merchandise that so completely meets the tailormade requirements of the operators throughout the country."

Carl Happel Has Keeney And Rock-Ola Lines

MILWAUKEE, WIS. — Carl Happel, manager of the Badget Novelty Company, this city, reports that the firm now have the lines of J. H. Keeney & Company and the Rock-Ola Manufacturing Corp. for the State of Wisconsin and Northern Michigan.

Carl Happel

Happel reports that he will distribute these lines exclusively and will handle no other equipment except coin machine supplies. He is exclusive distributor for Compas coin machine parts and supplies in this area.

Due to territory conditions, Happel will announce a new, legal type amusement device which can be used in this area and in similar closed territories.

Carl Happel has had many years of experience in the coin machine industry and believes that the Keeney and Rock-Ola lines will prove of tremendous value to the trade in this territory.

He stated, "We are concentrating all of our sales efforts on these two lines, along with our parts and supplies line, for we believe that to really do justice to these manufacturers and their products that we must put all of our energies back of what they produce."

Sam Strahl To Hold Big AMI Showing

PITTSBURGH, PA. — Sam Strahl of American Coin-A-Matic Machine Co., this city, reports that the firm are preparing for the most elaborate showing ever yet seen here when the new AMI phonographs and accessories arrive.

Sam Strahl

Strahl is well known for calling in famed personages of the entertainment world and introducing them to the cointrade. He has a very wide acquaintance among show and movie people and is already making arrangements to bring many of them to his showing in this city.

Strahl reported, "At the present time we are concentrating our efforts on the many amusement machines we handle. But very soon we expect to receive our first sample of the new AMI phono and will then arrange for a showing in this territory the like of which has never yet been seen here.

"We feel sure that when the music machine operators see the new AMI and all the many startling innovations which are incorporated into this new machine that they will agree we have the leader."

Automatic Canteen Co. Has G.E. Hot Dog Vender

SYRACUSE, N. Y. — Howard W. Bennett, manager of the Specialties Division of The General Electric Company, this city, reported that the firm will have the first units of their "electronic canteens" to serve hot dogs, hamburgers or grilled cheese sandwiches off their production lines sometime in January.

It was also announced that the machines are for the Automatic Canteen Company of America and that Automatic Canteen's engineers collaborated with General Electric in the development of this unit.

More than 1,000 different types of oscillators were built before the problem of heating rolls and meat uniformly, without burning, was overcome.

HUTZLER URGES MUSIC OPS SET UP RECORD MFG. COOPERATIVE

MARTINSBURG, W. VA. — James K. Hutzler of 900 Winchester Ave., this city, urges every music machine operator to enter into a "record manufacturing cooperative" and to make records exclusively for the juke box trade.

Hutzler believes that this will, once and for all time, solve the problem of obtaining sufficient records, especially for the coming year and for the years to follow when, he believes, the automatic music industry will boom to its greatest heights.

He says, "I believe that a record manufacturing cooperative, formed by the music machine operators of the United States, will not only earn good profit for everyone who invests in it, but will assure every operator getting as many records as he will need at the lowest possible price.

"We will always give the operators first choice. After that, whatever surplus records might be left over, would be sold thru regular retail channels.

"All the employees of the firm would be appointed by an elected board of directors. The directors to be elected by the operator-owners. After sufficient funds, from the sales of the records to the operators have been set aside for improvements and expansion, the surplus should be divided equally among all the stockholders.

"We have competent men in this industry who are honest and reliable. These men have the ability to organize such a cooperative. Furthermore, there are many operators everywhere in the country who would gladly invest $1,000 each in such a firm. This would furnish plenty of capital.

"It would not be necessary to have name bands and vocalists to start with. The juke box trade can make any band or vocalist popular if they have the ability. Later on the name bands themselves will want to contract with us when their present contracts expire.

"The answer to the record problem for the juke box trade is to immediately organize an operators' record manufacturing cooperative."

PIONEER MUSIC TO EXTEND OPERATIONS

ROXBURY, MASS. — Al Dolins, president of Pioneer Music Co., Inc., this city, reports that tho the firm are considered the largest operators in Massachusetts and Rhode Island that they now plan to extend their operations over even a wider area.

According to Dolins, "We intend to cover all the New England states. Even tho we have been in the coin machine business for some years now, we still believe that it is actually in its infancy and that greater progress will be seen in the next few years than all the years which have already gone by.

"Because of our large and extensive operations we are now in a position to handle the sales and service of any coin operated machine in our territory. We believe that we qualify perfectly as distributors."

J. R. PIETERS HITS 14 YEAR MARK IN COIN BIZ

KALAMAZOO, MICH.—J. R. (Pete) Pieters of King Pin Equipment Company (formerly known as the King Pin Games Co.) this city, reaches his fourteenth year in the coin machine business this month.

J. R. "Pete" Pieters

To celebrate this event the firm have decided on a large expansion program. Architects have already been called in and are planning a new addition to the present building of the firm at 826 Mills Street here. The building will be enlarged to a 100 foot frontage. Work will be started just as soon as the contractors can get into action.

Pieters believes that he will require this additional space now that he is exclusively distributing the Aireon line of music in this state, with the exception of the Detroit area, and also the Williams Mfg. Co. line of pin games for Michigan and Northern Indiana.

Pieters also reports, "It certainly is a grand thrill to be able to look back and think of the 14 years we have enjoyed in the coin machine industry. Its been plenty of work, but there has also been a lot of fun. We hope to make our forthcoming years as pleasant and profitable for all our many operators friends and customers."

Drollinger Appoints Walbox Sales Packard Distribs for Texas and New Mexico

DALLAS, TEX. — Harry Drollinger thirty-nine years in the automatic music business, reports that he has just written the largest order for music merchandise in his career. In fact, he believes it to be one of the largest orders ever taken.

Drollinger is regional manager for Packard Manufacturing Company of Indianapolis for the states of Texas, New Mexico and Louisiana. His previous experience in the music business dates back to 1912 when he became associated with National Piano Manufacturing Company. For years he was under Homer E. Capehart for Wurlitzer as well as conducting the service school and service department for Packard prior to the war.

Harry was appointed regional manager early in November. Immediately making a trip to the factory at Indianapolis he viewed the seventeen products, several of which are now being delivered, others to follow. Coming back into his territory he selected the Walbox Sales Company to handle distribution for Texas and New Mexico.

When this order was signed by Collis Irby, of the Walbox Sales Company in Dallas, it was unfortunate that George Wrenn, Harry's former partner and assistant sales manager in Texas, who is well known to the coin machine industry could not be present.

Harry states that he is particularly happy because in making the contact, he is not only back with Homer E. Capehart and complete staff, but is back with his good friends Collis Irby and George Wrenn as well as the fifteen or more branch managers and divisional representatives of the Walbox Sales Company with whom he has been connected and well known for several years.

Harry is going to have headquarters in Dallas and the latch string will be hanging out at all times.

COLLIS IRBY SIGNS LARGE PACKARD ORDER

From left to right: W. E. (Bill) Thompsan of Wichita Falls, Tex., Collis Irby of Walbox Sales Co., this city, signing large order for Packard Mfg. Corp. phonos and music accessaries while Harry Drollinger, regional director for Packard sits at his left and C. E. Wamble of Walbox Sales looks on.

NOTED ADMAN'S NEW BOOK TELLS ABOUT COINBIZ

U. S. Buys 5,000 Copies for Returning G.I.'s, Book Titled "101 Ways To Be Your Own Boss" Publishers Predict Extensive Sales.

NEW YORK — The Arco Publishing Company, this city, has just released a new book by Michael Gore, well known advertising executive and writer of many books on business, for sales thruout the nation.

Prior to releasing this book to retailers and newsstands everywhere in the country, the publishers report that the U. S. Government, immediately ordered 5,000 copies, even before the book was off the presses, as an initial order for returning G.I.'s. They believe that this order will be tremendously increased before very long.

In his book Gore covers a variety of business which can be entered for capital anywhere from $200 to $2,000. One of the main chapters of his book is entitled, "The Inside Story You Must Know To Cash In On The Profits Of Coin Machines".

Gore states in the opening of his chapter devoted to coin machines, "The deliriously fascinating, occasionally enriching world of coin machines consists mainly of —A Great Big Secret; A ceaseless treasure hunt for money-making locations, the competition being remarkably well regulated by a system of mutual understanding and respect".

He then talks about the five types of "coin collectors". These he lists as merchandise vending machines, service machines, beverage venders, music machines and amusement games.

He goes thru a paragraph which he calls "The Facts of Life in The Coinman's World". He claims that "finding a location is like staking a claim". He also tells about "three ways to open a coin machine route'. And also about "building from the bottom up".

He writes about "collections", "servicing", "taxes and the legal situation", "associations are important" he reports, and he finishes the chapter with, "the outlook is up-and-up".

Tho consisting of only four well packed type pages this chapter shows a very good study of the coin machine industry. It proves that the author did more than just write something from his own imagination. He made a study of the business and gives a quick synopsis of what he learned.

Aireon Jammed Up Nazis and Japs

KANSAS CITY, KANS. — R. R. "Rudy" Greenbaum revealed some astounding information for a group of new Aireon distributors who were visitors to the firm's factories and offices recently.

After their preview of the new Aireon phonograph the visitors were intoroduced to some of the Aireon "past"—which until recently was withheld by Government request.

According to Mr. Greenbaum, "Aireon can now tell the story of its part in making thousands of airborne and shipborne radar jamming devices during World War II.

"During the war, Aireon's jamming devices flew with the Liberators, the Forts and the Superforts, and rode with the Navy's ships and invasion craft. Aireon made over 1,000 transmitters for the Army airways communication system, many more thousands for the signal corps.

"But this story is about radar jamming devices, more properly called radar countermeasures because they distort the enemy's radar scope so he can't seen when he's attacked.

"Aireon made countermeasure equipment from bread-board or prototype models supplied by Radio Research Laboratories and Aircraft Radio Laboratories, both governmental agencies. The devices proved so useful that similar equipment was shortly being supplied to the Bureau of Ships, United States Navy.

"Aireon received its first prototype model for an airborne countermeasure from Radio Research Laboratory in October, 1943. This was a low frequency device of which an improved model was developed for production by the Aireon engineering staff. Several thousands of these were made shortly after the delivery of the first production model in February, 1944. This first contract was followed by subsequent orders for other equipment designed to operate on a higher frequency."

In concluding his story, Mr. Greenbaum said, "Certainly a company which can so effectively do its part to combat the enemy can and will exert every effort to produce the finest automatic phonograph the country has ever seen. It gives me the greatest pleasure to know that our distributors share in my enthusiasm for our equipment."

Al Sleight Blames All On The "Mrs."

PORTLAND, ORE. — Al Sleight, regional director for Bally in the West Coast area, is blaming it "all on the Missus" for the fact, he reports, "that we are enjoying such good sales for Bally products thruout all the West Coast territory".

Morie ond Al Sleight

Al and Marie Sleight are becoming an extremely popular couple thru out this area. Al is traveling in the interests of furthering sales of all Bally products.

"But", Al claims, "I would never be moving as fast as I now am if it weren't for Marie urging me on all the time. She's the greatest little pepper-upper that we have in the Bally organization tho my boss, George Jenkins, doesn't know that yet."

Al is shown here in his Naval pilot's uniform. He proved to be one of the outstanding heroes of the war. Al first joined up with the RAF prior to the entrance of the U.S. into the war and then came over to this country where he was immediately accepted into the air force.

PALASTRANT IN ALBANY

ALBANY, N. Y. — Ben D. Palastrant, regional salesmanager for Aireon Mfg. Corp, reports from this city that music machine ops are eager to get new equipment once again and that many are planning to expand their routes as well as refurbish their showrooms.

Palastrant also stated that he visited with the firm's distrib here, Arthur Hermann, and that regardless of the snow and ice they made it their business to get out among the men in the trade and visit with them.

Coinmen who listened to Aireon story of jomming Jops ond Nozis, left to right: Fronk Q. Doyle, southeostern regionol solesmonoger for Aireon, Eli Cohen, Jr. ond Morris Russo of Cohen Amusement Co., Montgomery, Alo., R. R. 'Rudy' Greenboum, vice-president of Aireon, Eli Cohen, Sr. of Montgomery, Alo., Voughn ond Fred Connon of Tri-Stote Amusement, Asheville, N. C.

ROTHSTEIN ERECTS NEW BUILDING

PHILADELPHIA, PA. — I. H. Rothstein of Banner Specialty Company, noted distributors, is erecting an entirely new building to be opened officially sometime in February at Second and Gerard Streets this city.

Rothstein is well known thruout the trade for his many years of leadership in this area. This year of 1946 will be the first time that he has also handled music. He has been appointed exclusive distributor for Packard Manufacturing Corp. of Indianapolis, Ind. and will feature the new Pla-Mor Phonograph, Wall Boxes, Speakers and all other music accessories.

In addition to the Packard distributorship, Rothstein will again feature the products of J. H. Keeney & Company of Chicago. He will also represent other factories in this area for whom he has distributed for many years.

Rothstein reports that the new building which is now in the process of construction will be among the largest in the industry. "It will feature the largest and most beautiful showrooms and offices in the country", he stated.

He also added, "These showrooms, offices, repair departments, general warehouse, etc., will be the most modernized ever yet seen in this trade. We are going all out on this building and believe that it will be a pride and credit to the trade.

We want to help gain the respect of the general public for this business and believe that buildings of this type will tremendously help do this public relations job."

BILL WOLF TO HOLD TWO CITY SHOWING

LOS ANGELES, CAL. — M. S. (Bill) Wolf of California Amusement Co., whose headquarters are in this city, and who also has offices in San Diego and in San Francisco, plans a large two city showing of the new AMI line of phonographs and music accessories sometime this January.

According to Bill, "We have made arrangements with the Ambassador Hotel in this city to hold one of the most elaborate showings of the new AMI music line ever yet witnessed on the West Coast. There will be outstanding entertainment as well as valuable instructions for those who will attend.

"We are going to invite every single music machine coinman in Southern California to be present at our showing here at the Ambassador. We also expect to have present many factory officials from Chicago as well as friends from New York and New Jersey.

"In San Francisco we shall arrange for a twin showing at the Mark Hopkins Hotel. The same fine entertainment will be transferred up north and the same officials and eastern friends promise to come along.

"We believe that each showing will take about three days. And Jim Mangan, well known to all coinmen, has promised to supervise both showings for us. Everyone knows how Jim can make these affairs interesting and entertaining for coinmen. He reports that he will actually extend himself at both of these showings to make them the most interesting ever yet held on the West Coast."

After the Los Angeles and San Francisco affairs he hopes to be able to hold an elaborate showing in Honolulu for the benefit of the music operators there.

HERCULES REOPENS IN NEWARK

NEWARK, N. J. — Irv Orenstein and Dave Engel have just opened an entire building for the Hercules Sales & Distributing Company at 415 Frelinghuysen Ave., this city.

Both men are well known to the coin-trade here. Orenstein was formerly head of Hercules prior to the war.

In reopening once again as Hercules Sales & Distributing Co., Orenstein reports, "We know what the coinmen need. We are going to make this building the showplace of the east. We have had long experience in making quarters practical for operators and all this experience is being incorporated into this new building.

"We intend to serve the trade thruout this area to the best of our ability and will assure them the finest service. This will be made possible because of the type of organization which we are creating here at this time.

"Our grand opening will come on or about January 15 and we want everyone of our friends thruout New York and New Jersey to come on over and visit with us and tell us what they think of this building we have purchased for their use."

Both men are tremendously enthused over the possibilities and report that they already have some distributorship deals which will prove of good interest to the trade. They are not as yet ready to make any announcements in this direction.

CALIF. MUSIC OPS HAVE BIG MEET

OAKLAND, CAL. — George A. Miller, president of the California Music Operators Association, this city, reports that the organization held one of its most interesting meetings on December 19 at the 311 Club.

"The meeting was very enjoyable," Miller reports, and also states, "there were after meeting festivities with some of the boys not getting away until as late as 3:00 A.M. the next morning."

There were fifty-one members and their employees present.

Interesting talks were given to the meeting by Stevens and Newman speaking in behalf of the operators' employees who were former servicemen.

A talk was also given by Bud Willis of the Jack R. Moore Company of San Francisco. His talk met with much acclaim, according to Miller's report.

Other parts of the meeting were devoted to general business details with Miller speaking on the need for cooperation among the members regarding new equipment.

A "Ladies Night" is being planned by the organization with tickets at $5 each and 6 tickets will be taken by each member.

AOA TO HAVE DINNER AT LATIN QUARTER

NEW YORK — Barnet R. Berkens, general manager of the AOA (Arcade Owners Association) announced this past week that the organization would hold their third annual dinner and entertainment at the Latin Quarter on Thursday evening, January 10, 1946.

Already many arcade owners have arranged for tickets to this dinner, according to Berkens. He believes that this affair will be the biggest the arcade owners have yet held from present ticket demand.

The organization is promising all who will attend one of the grandest times in their history. They claim that the new show now playing at the Latin Quarter is one of the finest which has ever been seen on Broadway.

All tickets can be had from Berkens at the organization's headquarters at 1776 Broadway, this city. They are priced at $12.50 each.

"One thing we do promise", Berkens stated, "is that everyoneone who attends will not only have the pleasure of a grand dinner and a marvelous show, but will also meet with many old friends whom they possibly have been too busy to get together with these past months."

Many out of town arcade men have already promised to attend and it is believed that this will be the largest arcade meet in many years in this area.

Warren Deaton, Jr. Becomes Kentucky Rock-Ola Distrib.

GALION, O.—Warren C. Deaton, Jr., recently discharged from the Army Air Forces, has just been awarded distribution for the State of Kentucky by Rock-Ola Manufacturing Corp. of Chicago.

Warren Deaton, Sr., whose headquarters are in this city and who has been distributor for Rock-Ola for over nine years, proudly announced, "Warren has seen thirty-four months of active duty with the Air Forces. His training and background have always been in the music field and there is no doubt he will prove one of the finest distributors in the country

"He has learned how to work with the operators and how to service them, help them and cooperate with them in every possible way. He knows his music machines and he has a very fine business training in addition which will also prove extremely valuable to all of his customers.

At the present time Deaton, Jr. is seeking offices in Kentucky and will probably announce these very soon. He plans a grand opening in time for showing the new Rock-Ola "Phonograph of Tomorrow."

F. McKim Smith is AOA Vice-Pres.

ATLANTIC CITY, N. J.—F. McKim (Smitty) Smith, noted arcade man here, has been nominated for Vice-President of the Arcade Owners Association.

"Smitty" is well known as one of the hardest workers for the organization and has been instrumental in bringing in many arcade men as members.

His nomination for vice-president of the AOA has met with general approval of all arcade owners in this section.

TAVERN PAPER TELLS STORY OF CHICAGO'S $50 JUKE TAX

Tells How Tavern Owners Met With City Council's License Committee to Help Phono Ops. Claims Tax Wipes Out Take for the Taverns. City's Revenue Over $350,000

CHICAGO—"The Union Server", well known tavern paper, printed in this city, gave a most complete report, in its last issue, regarding the $50 juke box tax imposed by Chicago's City Council License Committee.

The paper made this a front page story and reported it most completely. It told how the Chicago City Council in a special meeting on December 8 voted a tax of $50 on each automatic phonograph in operation in that city.

It reports that the action was taken to circumvent the recent State Supreme Court ruling which voided the city ordinance which had imposed a $50 license fee on tavern owners having juke boxes in their premises. The Supreme Court held that the fee was exorbitant and that the ordinance was therefore invalid.

A public hearing on possible revisions of the ordinances was held by the council's license committee on December 6. Representatives of the tavern and juke box industries offered testimony against the proposals. But this had no effect on the council which seemed determined to retain the revenue being collected from the juke boxes.

The revenue for the city will be the same under the new law but will now be collected from the operators of the machines instead of from the tavern owners. This paper reports, "However the tavern man will undoubtedly suffer in the final outcome, because at least part of this sum will come from his share of the profits."

"It is estimated", The Union Server reports, "that the taxes on the approximate 7,000 juke boxes, at $50 per year, would net the city $350,000."

This paper also stated, "Juke boxes have been operated in the past to provide a small degree of revenue for the overhead of the tavern establishments and to provide reasonable entertainment for its customers. The new tax would practically wipe out the 'take' to be applied to anyone of the many overheads of an establishment. A Federal tax of $10 has always been required on each machine."

The new tax, as defined in the ordinance, is as follows: "A juke box means phonograph, music box, combination motion picture and sound machine or other instrument capable of producing or reproducing any vocal or instrumental sounds, and which is governed or controlled by the deposit of a coin or token."

The paper also reported that among the prominent men of the tavern and juke box trades who fought, and are still fighting the tax, are: Martin Moran, president of the Illinois Tavern Owners Assn., and State Tavern Owners Council; Joseph O'Brien, West Side Tavern League; Roy A. Bloomquist, president of the Metropolitan Amusement Co.,; Ray Cunliffe of Automatic Amusement Co.; V. J. Moravec of the Retail Liquor Dealers Protective Assn. of Illinois; John Pahr, president of Local No. 2, Frank J. Weber, executive secretary and Anthony Intravartolo, president of the Chicago Tavern Owners Assn.; Joe Hoss, president of the United Beverage League.

NEW ORLEANS, LA.—Ed. Ponder, Louisiana Coin Machine Service Co., this city has been appointed distributor for Munves' "Super Skee Roll" for the states of Louisiana and Mississippi.

"After talking with Herman Perin, salesmanager, on the telephone", stated Ponder "I placed a substantial order for these Munves' alleys as the operators in my territory have been asking for them. Perin informed me that I could promise immediate deliveries to my customers."

Ponder is rebuilding his present quarters and they should be ready shortly. Louisiana Coin Machine is also distributor in these two states for the AMI phonograph line.

Britain's Famous Field Marshall Avoids A Tilt

Field Marshall Sir Bernard L. Montgomery playing a pin-ball game with enlisted men during a visit to his British troops stationed in Germany.

British as well as American and other Allied nations' troops are all great pin-ball fans.

Large numbers of pin games have been shipped into Germany and other occupied countries for the entertainment of troops.

HARRY JACOBS REMODELS BLDG.

MILWAUKEE, WIS. — Harry Jacobs, Jr. of United Coin Machine Company, this city, reports that the firm are entirely remodeling their present building and have also purchased the building next door, breaking thru to give themselves 60 foot frontage.

The new quarters will have approximately 20,000 square feet of floor space. There will be large, modern showrooms, private offices and offices for ops as well as super sized repair department, parts and supplies departments and many new innovations.

According to Harry, "We are going to create entirely separate showrooms for music and for amusement games. Our music showroom is being designed by an architect who has had many years of experience with broadcasting studios to give the finest sound effects. He will create an actual sound studio so that the operators will really hear every fine tone from the phonos we display.

"Our amusement games showroom will again be entirely different from the music showroom. Here we are working out a new idea. We don't want to tell just what it is but we invite all coinmen to call around and see what it will look like when completed.

Our upstairs floor will be devoted to many specialties for the trade. We believe that when this building is remodeled according to our architect's plans that it will prove to be one of the finest in the country."

Jacobs will not be present while the first remodeling work is under way. He will be in the Milwaukee Hospital in this city beginning January 3 for an operation which will require his remaining in the hospital for at least two weeks.

JACK FITZGIBBONS TO REOPEN BLDG.

NEW YORK — Jack Fitzgibbons of Jafco, Inc., makers of the "Roll-A-Ball" and "Universal Amplifiers," may move from his present quarters at 776 Tenth Avenue, this city, to reopen his former building at 453 W. 47th Street.

News of this move to larger quarters, occupying the building which Fitzgibbons made famous for over 25 years in this business, met with much acclaim from the trade.

Fitzgibbons now requires the space for many new projects he is planning.

PARTY IN PICTURES

PHILADELPHIA, PA.—The above are a few of the pictures that were taken at the official opening of Dave Rosen's new showrooms in this city. Report of the opening party appeared in this past week's issue.

Top picture shows DeWitt (Doc) Eaton of AMI who arrived from Chicago to be present at this party, Barney (Shugy) Sugerman of Runyon Sales Company, Newark, N. J., who stopped off in Philadelphia on his way back from Chicago, being greeted by their host, Dave Rosen.

Next pic shows two real old timers in the coinbiz: Mike Munves, known far and wide as "The Arcade King" and whose new "Super Skee Roll" bowling alleys was on display at Dave's official opening and Frank Anderson of O. D. Jennings & Company, Chicago, who wound up a trip thruout the state by coming to Dave Rosen's official opening party.

Next picture gives some idea of the large crowd that attended the opening. This is only a partial view of the second floor showrooms and offices where the festivities were held.

Lower picture is Dave Rosen — The Cash Box — and Bill Gersh.

Doc Eaton Appoints Rosen AMI Distrib

CHICACO—In keeping with the festive scenes above, De Witt (Doc) Eaton, general sales-manager of AMI is happy to announce that David Rosen, 855 N. Broad St., Philadelphia, Pa., has been appointed distributor of AMI automatic music in Eastern Pennsylvania and the State of Delaware.

AL STERN IS PACKARD DIST. FOR ILLINOIS

Al Stern

CHICAGO — Al Stern of World Wide Distributors, this city, reports that his firm have been appointed exclusive distributors for Packard Manufacturing Corp. of Indianapolis, Ind., for the entire state of Illinois, including the city of Chicago.

Stern stated, "we are going to arrange for an elaborate feature showing of the new Pla-Mor Automatic Phonograph and Pla-Mor Wall and Bar Boxes as well as the speakers, adaptors, etc., which comprise the big Packard line of music merchandise, as soon as these arrive in our headquarters here.

"We are now making arrangements to cover the entire state and present the new Packard line to every single music operator. We believe that Packard's new line is one of the most outstanding ever presented to the trade. At the present time we are ready to make immediate delivery of the Pla-Mor Wall and Bar Boxes and some of the other items in the big Packard line."

Stern is reported to be making arrangements for setting aside an entire showroom for the Packard music line.

BRANSON IS AIREON KENTUCKY DISTRIB

LOUISVILLE, KY. — Word has just been received from Hy Branson, owner of H. M. Branson Distributing Co., Louisville, that his firm has been appointed exclusive distributors for Aireon Manufacturing Corp. in all but a few counties in Kentucky and in eight counties in Southern Indiana.

The Branson firm is very well known, not only in the Kentucky area, but by practically every old-timer in the business, as firm took over all interests of J, E. Cobb Distributing Co., one of the oldest distributing organizations in the entire Southland. Organization has been serving the trade continuously since 1915.

Hy Branson is no newcomer to the business himself. Most old-timers will remember him as salesmanager of one of the largest coin machine manufacturers where he spent 14 years prior to coming to Louisville in 1941.

The Branson firm is now remodeling its showrooms in preparation for the initial showing of Aireon's new phonograph. They're enlarging their sales and service organizations as well as all service facilities in order to give their customers the very best there is in the way of service.

XMAS WEEK BUSTS ALL BROADWAY ARCADE RECORDS

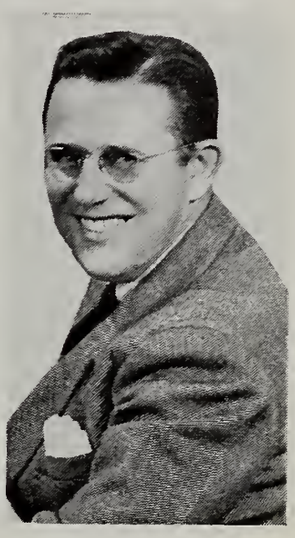
NEW YORK — Leading arcade owners on Broadway report that this past Xmas week broke all collection records.

It seems that the kids just jammed into the Penny Arcades along this famous street and with fathers and mothers shelling out the necessary coins—they went to town in a big way.

As one arcade man stated, "What a week, brother, what a week. Just give me five like that every year—that's all."

"DOC" EATON TO MEET WITH AMI DISTRIBS

CHICAGO — DeWitt (Doc) Eaton, general salesmanager of AMI, announced this past week that coincidence seemed to be bringing together many of the firm's distributors in Chicago about the middle of January.



DeWitt (Doc) Eaton

According to Doc, "I had planned an extensive trip thruout the southern states for sometime during the middle of January until I began to receive letters from various distributors of ours that they planned to be in Chicago around the 14th or 15th of January.

"As we gathered these together we find that Bill Wolf will be in here from Los Angeles, Lou Wolcher from San Francisco, Jack Lovelady and Morris Hankin from Atlanta, Barney Sugerman and Abe Green from Newark, Mike Munves from New York, Sam Strahl from Pittsburgh, Ed Ponder from New Orleans, Gary Weber from Cleveland, Dave Rosen from Philadelphia, and letters are still comming in so we believe that there will be quite a gathering here around the 14th or 15th of January."

Doc has therefore held up his southern trip to meet with these distributors of AMI who intend to be in Chicago around that time.

"It will be just a little get-together", Doc mysteriously advised questioners.

"STOP BUCKLEY BILL" CRY OPS

NEW YORK — Wires, phone calls and letters have been received by *The Cash Box* this past week commending this publication on the article which appeared in its last week's issue regarding the fact that the Buckley Bill (H.R.3190) which is at the present time in the Patents Committee of the House of Representatives in Washington, has all the opportunities of being passed thru since there is a move afoot in Congress to shove thru all pending bills.

The cry among the juke box men is for the immediate formation of a committee to get down to Washington and keep its eyes on the Buckley bill so that there will not be any possibility of this bill becoming law. The bill, as the trade knows, was originally intended to "amend the Copyright Act of 1907". Instead, it is now completely directed at juke boxes and claims that the juke box is no different than a nite club, restaurant or any other institution which gives, "a public performance for profit".

This would mean, should the Buckley bill become law, that every single juke box in the country will have to be licensed by both ASCAP and BMI for playing their copyrighted music just as they license anyone else who plays their music. And since there are already rumors that the license will be approximately $100 per year, this would mean paying to these organizations approximately $40,000,000.00 per year by the juke box industry.

In short, this is not a grandstand play for peanuts. It's for big money. The kind of money that will make any organization go into a long and extensive battle to win. Therefore, it is up to the members of this juke box industry to get into this fight before it is too late and halt Representative Charles A. Buckley's proposed amendment to the Copyright Act of 1907 right where it is—in the committee. It must be shelved and shelved so that it will never see daylight again or never come up for another reading.

To do this the entire trade must organize itself into a mighty fighting unit so that this Buckley bill will die before it can ever become law. There isn't too much time left. Congress will return from its holiday and will be advised to push thru all pending legislation so as to make way for the many important bills which are going to be placed before it in 1946.

The time to act is NOW.

THRU THE COIN CHUTE

CHICAGO CHATTER

Jean Bates is back with Pace Manufacturing Co. as of Jan. 1st — which is one way to start the New Year . . . Morrie Ginsberg of the Atlas Novelty Co. Ginsbergs rushes right down to Florida the moment the Seeburg meet is over to grab some rest and lots of sunshine. When he returns to Chi, brother Eddie reports, they will prepare for their private showings of the new Seeburg phono. The first Atlas office to show the new job will be Phil Greenberg's Pittsburgh offices. Eddie hopes that this will be sometime in January.

Roy (Monarch) Bazelon, the old vaudeville performer, is expected back from Florida sometime this week. Things are expected to start humming over at Monarch the very moment that Roy returns. A complete remodeling job is going to be done on this big building to make way for the new equipment Roy expects to see rolling into his showrooms this January. By the way, we spied one very, very, very clever new idea in a coin operated game in Monarch's display room. It's already attracting plenty of interest. It's not a pin game, but an all electrical device that is really something. It has to be seen to be appreciated.

Along with everyone else in town we were tremendously happy to hear that the ole red head himself — Art Cooley — is back at his desk again over at Mills Novelty Co. and meeting the folks as they arrive . . . Oscar Schultz and Irv Ovitz of Automatic Coin are right in the midst of moving to their new and very spacious building. And when they get settled, believe you me, visitors are going to have a real breath-taking surprise in store for them when they see this new home of these progressive guys. (Just can't hold that Schultz down, believe me.)

Lou (Genco) Gensburg packs his bags and is off for California while brother Myer will handle all the duties at the factory all by his lonesome. Brother Dave, too, is in California and until both return Myer will have to do the heavy work . . . Sure sorry to hear that Joe Schwartz of National Coin is on the sick list. We do hope, Joe, that by the time you read this you'll be back in harness again . . . Al Sebring and Harry Salat (Bell Products) will soon be breaking with a really interesting announcement and the boys are having a hard time holding back the news.

The Rock-Ola plant is buzzin' with action these days and, methinks, before long they'll be ready with some startling news — as is news . . . Ben Coven of Coven Distributing Co., Bally's distributors for Indiana, Wisconsin and northern Illinois, is all set up in his new quarters at 3181 Elston Ave., which is practically just around the corner from the big Bally factory . . . De Witt (Doc) Eaton, general salesmanager for AMI, was pahlenty pleased with that picture of an AMI phono which appeared in the Cosmopolitan magazine. It showed the machine installed at recreation quarters for submariners advance base on Saipan.

Lots of long distance phone calling going on around Chi all the way down to San Antonio, Texas, which city just recently re-opened after being down for a year. And those Texas boys are sure hungry for equipment of all kinds. They just buzz and buzz the phones around town to ship and ship more and faster . . . We hear over at AMI that Dave Rosen of Philadelphia has been appointed distrib for eastern Pennsylvania and Delaware. Greetings, David . . . We hear from Detroit that Barney Greenberg (Atlas) sold his route of music equipment. Barney claims he's too busy distributing Seeburgs to be operating anymore.

Seen at a dinner party with Al Stern (World Wide) who is now the Packard distrib for Illinois, including Chicago: Ben Axelrod and Al Haneklau of Olive Novelty Co., St. Louis; Del Veatch of V-P Distributing Co., St. Louis; Meyer M. Marcus of The Markepp Co., Cleveland; George Wrenn of Walbox Sales Co., Dallas and Bob Bleekman, Packard's regional director in this area. And, we were given to understand, that a grand good time was had by all.

"Doc" Eaton of AMI in town for only a few days when he dashes off to the firm's Grand Rapids, Mich. plant and advises as he rushes out of the door of his office that he will also stop off in Detroit for a few days . . . Al Silverman of Williams Mfg. Co. is reported to be in high glee on receiving word from his son, Nate, who has been with the Army for over 39 months now that he is on his way back from the Pacific and will be landing in San Francisco sometime this week. Al claims that he went away a boy and is now returning a real he-man. And, by the way, Al also advises that Williams will start shipping their new pin game, Suspense, the first week in January. The boys here are all excited over what they believe will prove to be a great hit machine.

Al Shiffrin who was with Bell Products and then later with Pioneer Coin is now over at Marvel where he is working hard on their newest pin game, Hollywood, and reports that he is already at work on plans for the game to follow Hollywood. Al believes that Marvel machines will be marvelous from now on in . . . Well, well and well, a visitor (believe it or not) in town this New Year week — Clarence Kemp of Southern Amusement Co., Memphis, Tenn.

And by the way, this was one week when visitors (aside from local ops or nearby coinmen) simply stayed away from the ole Windy City. Maybe it's because everyone wants to spend New Year's Day at home this 1946. And — that reminds us — a very, very happy and prosperous New Year to all the readers of Chicago Chatter and may all you guys and gals get all your wishes this booming 1946.

THRU THE COIN CHUTE

EASTERN FLASHES

The new year will bring many experiences to everyone in the coin machine business. The tempo and excitement will be greater than ever before was experienced, what with new machines, new manufacturers, new distributors and expanding operations. We sincerely hope that everyone has a prosperous and happy 1946.

This week — the one separating Christmas from New Years — is always a mild one. The operators are engrossed in seeing that their equipment on location is in the best possible shape to take advantage of the holiday spirit and spending. This means that the jobbers and distributors get a chance to take it easy for a few days. However, this year, with the new machines in the offing, the distributors and jobbers are busy setting up their plans and organizations for the arrival of the new equipment.

Eddie Smith at Emby in New York City, and Bill Bye at Emby in Philadelphia are getting set to play hosts to their many music operators on January 6 and 7, "Wurlitzer Days" when they will show the new phonographs and accessories . . . Al Schlesinger, Square Amusement Co., Poughkeepsie, N. Y. in town for a few days visiting with Jack Fitzgibbons of Jafco, Inc. Al has some big plans for the very near future . . . And Jack Fitzgibbons will soon make some very important announcements . . . Harold Levine, brother of Sid Levine, the attorney, doing a tremendous job selling those novelties for Jerry Gottlieb.

Barney (Shugy) Sugerman, Runyon Sales Co., Newark, N. J. gets out of bed on Thursday for a few hours to ride to his offices where he huddles with Dave Rosen of Philadelphia . . . Herman Perin, sales manager for Runyon Sales Co. of New York, wishes to enter a plea for patience from his California friends. "I would like to visit the west coast" claims Herman "but that will have to wait a while. I've been so busy here setting up a country-wide chain of distributors for Munves' Super Skee Roll that I'm practically chained to the desk" . . . Irving Kirsh of King Amusement Co., Asbury Park, N. J. visits Bob Slifer of East Coast Sales and Distributing Co., but the Rock-Ola "Phonograph of Tomorrow" hasn't arrived yet. "It won't be long" claims Bob. Meanwhile both Bob and Harold Salis of this firm are in constant communication with the local music ops.

Nat Cohn and Earl Winters of Modern Music Sales Co., return from an out of town trip with the distribution of a new record, which they claim will revolutionize the business . . . Al Blendow, sales manager for International Mutoscope Corp., bedded with a severe attack of bronchial pneumonia. Hope Al recovers rapidly as he is needed at the plant, and the arcade men are looking forward to seeing him at the annual banquet of the Arcade Owners Association to be held January 10 . . . It's rumored that Charlie Gorman of Utica has acquired a building on Central Avenue and expects to take possession soon . . . Charlie Wertheimer, the jovial and well liked coinman from Boston, Mass. visits his friends in town . . . Dick Steinberg, out of the Army after spending over three years in service (most of it in Europe) is opening at 1175 Broad Street, Newark, N. J. Dick bought the building, is now remodelling it. Prior to the war Steinberg ran the Stirling Distributors — maybe he'll use the same name.

Dave Stern, Harry Pearl, Tom Burke and Everett Masterson of East Coast Sales and Distributing Co. ran quite a party at their Elizabeth, N. J. offices, handing out Christmas cheer to all their customers and staff . . . Harry Berger, West Side Distributing Co., had a big party running most of the holiday week. It started off as a general Xmas party, but as his customers kept coming in during the week, Harry insisted that they drink a toast to the new year . . . Mac Leshnick of Musical Sales Co., Baltimore, Md. in town for the holiday week-end . . . Jack Berman, Economy Supply Co,, resting up in Baltimore, treating an old leg injury, prior to returning to active participation here . . . Johnny Fuller is out of the Service and back on the job up in Syracuse every day now . . . Jack Semel enters his claim to the "Gin" championship. Al Denver claims he wrote the book.

Joe Eisen driving down to Miami, Fla. for a short rest . . . Lee Rubinow, former head of the Music Operators Assn. of New York, visits headquarters for a few days, and then back to Miami, Fla. . . . Ed Ravreby, Associated Amusements, Inc., Boston, Mass. getting ready to leave for Miami, Fla. on January 12. In the meanwhile, Ed claims he's very busy both buying and selling equipment thruout the country, and even shipping to Hawaii . . . Jack Breidt, U-Need-A Vendors, Inc. claims his merchandise machines will be rolling out the beginning of the year . . . Irv Orenstein and Dave Engel back in action in Newark, N. J., opening the Hercules Sales and Distributing Co.

Sam Schneider, who runs the Los Angeles, Calif. office for Apollo records in town for a conference with Ike Berman and Hy Siegel . . . Hymie Rosenberg, H. Rosenberg Co. very thankful that Fay, his secretary is back on the job, after prolonged illness . . . Mike Munves knocking on wood. He's the only one of the party who returned from Chicago that didn't get the grippe or worse . . . Joe Darwin finally makes the announcement of his New York distributor for Packard Manufacturing Corp. It's a combination of Joe Eisen, his son "Buddy", Willie (Little Napoleon) Blatt, and Teddy Blatt, who will be known as the Pla-Mor Corp.

Coin machine companies flooded the mails with plenty of calenders, greeting cards, and gifts. Most of the gifts had real value, such as date books, wallets, cigarette cases, money clips, desk sets, and knowing the mania of the coin men for "Gin" Joe Westerhaus mailed a set of playing cards in a gift box. And how about that package of pecans from down Georgia.

THRU THE COIN CHUTE

TORONTO

They tell us that Al Siegel has become one of the leading orators of this noted Canadian community. Everytime someone just mentions the word "Wurlitzer" to him, Al is off on one of the grandest spiels that the coinmen here have yet heard. And from the way that Al talks coinmen here are eagerly awaiting the showing of the New Model 1015 the day Al brings them in . . . Ernie Dowsett of Atlas Music Co., Ottawa, came to Toronto this past week to see himself a football game. And, as per usual, Ernie bet the wrong way. It seems that Ernie is purposely losing these days so that he can work harder on his famous juke box route . . . A. Macregor of Hamilton also in Toronto this past week — but, as usual, in a grand rush to get back to Hamilton — for fear of being snowed in. And we do mean "snowed in" . . . A. Lieberman of the Coincraft Canada Co., Hamilton, also in town this past week and shopping around to get some adaptors for his music machines and wall boxes. We understand that he was successful — and that should help make it a happy New Year for Mr. Liebman.

Frank Kirke of Frank Kirke Novelties is reported to have decided to get all of his boys to chip in to buy an electric heater for Betty Martin, his secretary. The boys claim that she's freezing. Oooh! . . . Jerry Pratt of the Crown Coin Company just bought out Phono-Film and is looking for either a blonde, brunette or red head to put in his store. Jerry claims that she must not only be good looking, but actually beautiful . . . Lou Rosenberg of Roxy Novelty Co. is reported to be spending Christmas with his family in New York. Believe it or not, he somehow managed to get reservations to get down there. Lou sure must have some powerful friends . . . Lou Ciefets of Siegel Distributing Co. is spending the holidays with his wife and family away up north — where most of the traffic is speeding reindeers . . . George Mowatt and Bert Hannusch of M. & H. Amusement Co., who bought Al Siegel's phono route, are reported to be happy as larks over their purchase. In fact, both George and Bert claim it is the bestest of the bestest.

Perry Ginous of Perry's Automatic Phonograph Co. is really going to extend his phono operations. He just closed with a Wurlitzer franchise and Perry claims that all he wants is "Carloads and more carloads of machines" . . . Al and Don Pierini are so busy with their wall box installations (they're both from Timmons) that they won't be able to get down to Toronto until sometime after the New Year . . . Dave Lee, chief of the Wurlitzer factory's export division, is being seen so frequently around Montreal that some of the coinmen are suggesting he might as well take out his Canadian citizenship papers now as later . . . Say, you can believe this about George Chow. Aside from owning Phono-Vision and being a successful operator as well as a terrific electrical man — he's also an opera singer — and can George sing. Invite him over to your party sometime . . . Some of the boys in town are asking Al Siegel, who is remodeling his present headquarters, whether he intends to "open a beauty parlor", Al sure is doing some pretty prettying-up.

Pete Lee from Kingston came all the way to Toronto this past week seeking information about what the new machines are going to look like. Pete's just a little bit premature — just a little — oh, my . . . Mr. Knapp and his sons in town from Hamilton. They're frequent visitors to Toronto now. It seems that the Knpap family are going in for wall box installations in a really big way — and — exclusively, too . . . Some of the boys around town claim that Elmer Small of Supreme Radio and Amusement Company, Schumacher, Ont., spends more money on telephone calls to get merchandise than any ten other coinmen in this town ever did. The boys claim that Elmer ought to come right down to Toronto and do business on the spot — it would save him pahlenty. But, then again, what the heck are the boys who own telephone stock going to do for dividends?

SEATTLE

Big topic this past week was about the return of Jack R. Moore and Bert Beutler from Chicago. The boys here are all waiting to hear from Bert whether he has some sensational news to impart regarding the Bally line and the other lines he handles . . . All hands were on deck this past week over at Puget Sound Novelty Co. where "boss" George E. Schnabel threw one of the biggest and grandest Christmas parties for all the boys and gals who make Puget Sound a busy spot. George did himself proud and the employees were all hearty and mellow before festivities closed down . . . Homer H. Murray of Redondo Beach reports that the Pre-Flight Trainer has become a real drawing card for his arcade. "It sure is going strong", he reports. And, it seems, Homer is now never going to be without one . . . Sherry Arps who is the new phono man over at Bert Beutler's Jack R. Moore Company repair department is reported to be a veteran of several engagements with the Navy in the south Pacific. Sherry sure is glad to be back in harness again and is really enjoying his work tremendously . . . Bill Alsdorf is in charge now over at Puget Sound while George Schnabel went down south for a vacation. And they claim that Bill is doing a very nice job of "bossing" the big place.

THRU THE COIN CHUTE

DALLAS

Mike Ackman of San Antonio in town this past week and buying all the five-balls he can lay his hands on. Mike sure is happy that the big town is open again after an entire year's shutdown. He's showing plenty of pep and ginger again . . . George Wrenn back in town again after a visit with Homer E. Capehart. He won't talk, tho, so the boys haven't the least idea what the big surprise is all about. But, we expect to get the news any day now and like everyone else in town — we sure are pulling for something real good for George.

Earl and Audrey Reynolds of American Distributing Co., along with that handsome man, Porter Harrison, went all out this past week rolling off one of the best egg-nog parties we have yet seen or even heard about. They were host to all the operators and their friends and many a head felt like an egg after imbibing too many egg nogs . . . Bob Hunter came back from Chicago full of enthusiasm — and flu. But we sure do hope that Bob will soon be back in complete health and speedy action again . . . Bill Thompson, that there man from Wichita Falls in town this past week and shopping for three straight days without halt. (P.S.—We hope we're on his list.)

Ed Stearn of Hot Springs back in the city for the holidays and sure does look very swell. Ed claims that the fishing is great . . . Collis Irby dishing out those great big smoked turkeys to everyone around the Walbox Sales Company. All his associates and a score of friends grabbed them off some of this turkey meat . . . George Wrenn with a lawn full of friends taking advantage of the beautiful sunshine to do some kodaking again . . . Seen around were Mr. and Mrs. Bill Archer of Houston . . . Bill was connected with George Wrenn in Dallas . . . Mr. and Mrs. R. E. Green and their beautiful little daughter in town extending hearty Xmas greetings to all the boys and gals.

M. M. Rutherford of Amarillo and Pampa in town over the holidays and transacting some mighty important business . . . Earl Mashek of West Texas in town purchasing all sorts of good equipment for the many new locations that are opening up in his territory . . . Jack Sprott of Temple in town and purchases a truck load of equipment for the five nite spots opening within the holiday season out his way. Jack says, "I just hardly can't believe it mahse'f" . . . Buddy Clem of Paris, Tex. in town this past week buying and buying . . . "The Walkers" (father and son) from Graham, Texas, also in town this past week to do some buying of equipment.

J. C. Wesberry of Amarillo also in town this past week and keeping himself good and busy . . . Berry Langford from Corpus Christi also in town . . . Joe Gillespie of Tyler in these parts this past week . . . Benny McDonald of Fort Worth seen here and there about the town . . . A. D. Harper from Stephensville and Tommy Polk of Weatherford so busy they had to come to town on Christmas eve . . . C. E. Wamble of Walbox Sales trying to pacify 'em all as they come in looking for more and still more equipment . . . And there's Harry Drollinger running about writing up Packard orders, trying to answer inquirers and doing one and a hundred other things as he gets back into action. And, brother, he loves it.

NEW ORLEANS

Ben Neubauer of Thibodauxo, La. seen in town over at F.A.B. placing an order for those new Wurlitzer 1015's and Ben claims he will sure make things hum around his part of the world with these new babies . . . We sure do hope that H. J. McDonald is completely recovered from his recent illness . . . Warren "Sunshine" Slyh and his family are enjoying the holidays in their hometown — Columbus, Ohio . . . Blow by blow report — Dixie Coin now adding the finishing touches to their remodeling job — and we sure would like to see the complete results.

J. H. Woodruff is playing host to daughter Julia, her husband, Capt. Don Cash, former Hollywood makeup artist of plastic surgery fame, and their two little Cashs . . . And that puts lots of Cash in The Cash Box . . . Ralph Sims chewing the phono man's rag with Abie Chesser and M. B. McCarty, Jr. . . . Ray Augrain and Jack Grantham back in town after four days of hard work — but hard work, they do say . . . That new silver set at the F. A. Blalocks was presented to them for Xmas by all of their employees.

One dozen roses greeted Carolyn Chesser on Christmas morning — just a small remembrance from hubby — A.B. . . . Slick Wade in Nola on business . . . The Dutch Roods are vacationing — in Cincinnati . . . J. E. Stutes of Duson, La. in town talking things over and learning about the new equipment . . . Seen over at that swell, new Trocadero Club were Joe Villars, Dan Cohen, Andy Monte, Buster Williams of the Service Novelty Co., Monroe, La., Fletch Blalock, Capt. Asset of the Noo Ahleans p'lice force and Geo. Brennan, prominent participant in Nola's civic affairs . . . Employees at J. H. Peres had a big time Xmas eve with eggnogs, refreshments and what not. Ooooh, what a head!

THE CASH BOX DISC-HITS BOX SCORE

In Order of Popularity based on Weekly National Survey

Compiled by JACK "ONE-SPOT" TUNNIS

Box Score tabulation compiled on the average individual purchase on the basis of 1000 records — listed in order of popularity, including name of song, record number, artists, and recording on reverse side. C. M. I. BLUE BOOK

The "Coin Machine Industry Blue Book" for new and used coin operated equipment is issued every week. It is a review and digest of all selling prices based upon the market quotations for the week. *Copyrighted 1945 by The Cash Box, 381 Fourth Avenue, New York 16, N. Y.*

FOREWORD

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices exactly as they are quoted for the past week, regardless of how much they may seem to be out of line. Some machine prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known quoted prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth $150.00 whereas someone on the East Coast may think it worth but $75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depend on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD

The C.M.I. Blue Book is to be read as follows: First price listed is lowest price for the week; Second price listed is highest price for the past week. Where only one price appears this should be considered lowest price.

CODE

CHECK THIS CODE CAREFULLY. BECOME ACQUAINTED WITH EACH ONE OF THE CODE NUMBERS AND WHAT THEY SIGNIFY. THESE CODE NUMBERS APPEAR IN FRONT OF THE NAME OF EACH MACHINE.

1. MEANS PRICE WENT UP.

2. MEANS PRICE WENT DOWN.

3. MEANS MACHINE JUST ADDED TO LIST.

4. MEANS PRICES WENT UP AND DOWN DURING THE PAST WEEK

5. MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS.

6. MEANS NO PRICES QUOTED FOR PAST TWO WEEKS

7. MEANS NO PRICES QUOTED FOR PAST THREE WEEKS

XX — MEANS NO PRICES QUOTED FOR MANY WEEKS—PRICE SHOWN IS LAST KNOWN QUOTATION.

IMPORTANT

Machines underlined mean these were most active in trading the past week.

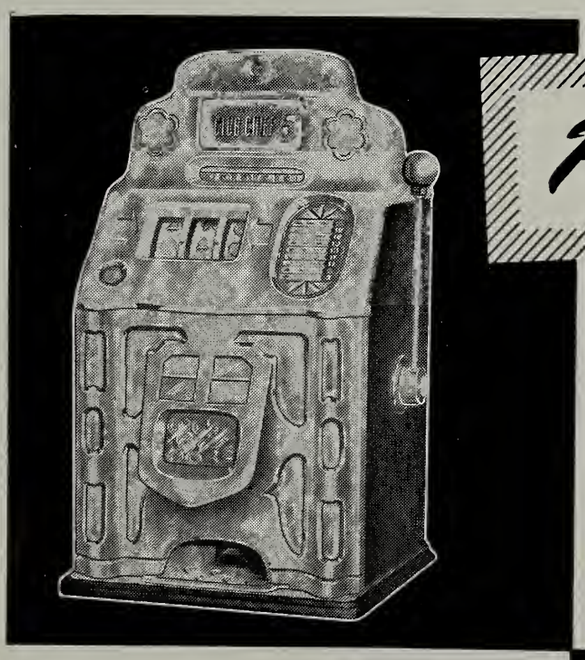
WATCH FOR IMPORTANT ANNOUNCEMENT

FROM

UNITED COIN MACHINE CO.

6304 W. GREENFIELD AVENUE MILWAUKEE 14, WISCONSIN



Proudly Presenting

The New Cushion Action *Super De Luxe* "CLUB CHIEF" soon ready for our production line. Here's real quality – quieter action – many improvements that mean long life and assured revenue.
The *Super De Luxe* "CLUB CHIEF" is custom-built with all new parts by Jennings' Master Craftsmen — winners of the Army-Navy "E" for precision work on Radar. The *Super De Luxe* "CLUB CHIEF" has beauty too! Its sparkling, illuminated front out-classes them all.

Super De Luxe "CLUB CHIEF"

ANOTHER JENNINGS
POST-WAR ACHIEVEMENT
★
CUSTOM-BUILT BY

IT'S THAT OLD

"Come Hither"

"Come Hither" is just a quick way of saying "exciting, attractive — appealing" — and that's the Packard Pla-Mor Selective Remote Control Wall Box all over.

● And that old "Come Hither" is freely translated into more coins coming in—more records playing—for more hours—to make more profits for you.

● These gay little hostesses are everyplace at once—always at attention—always suggesting another tune—and making phonographs take in three and four times as much as they do without them.

● Pla-Mor Selective Remote Control Wall Boxes are easy to install—with the proper adaptors for use with your present phonographs. They pay for themselves and keep raking in the nickels for profit. Ask any operator. See your distributor or write us direct. Pla-Mor Wall Boxes and beautiful, rich tone auxiliary speakers are rolling off the production line.

HERE'S ONE NEW YEAR'S
RESOLUTION
THAT WILL BE KEPT!

STERLING will continue to stay in its groove..... turning out saleable recordings...on time and right! Strictly speaking, of course, this is not a New Year's resolution...It's the resolution we made when we started in business...and we have never lost sight of the goal! 1946 will see a steady schedule of superb Classical Jazz and Race Records under the STERLING imprint... for your greater profit. And in the meantime, here's our wish for a

HAPPY NEW YEAR
TO YOU ALL!
